

MENTORING PROGRAMME

ABOUT THE PROGRAMME

Organised by the French Chamber in Hong Kong, the Mentoring Programme 'Talents of today, Guides of tomorrow' is an exclusive professional initiative designed to empower emerging talents by connecting them with highly experienced leaders.

Goal-Oriented Approach

Each mentee will define a specific professional project or career objective to achieve by the end of the programme, ensuring a focused, practical, and results-driven mentoring experience.

Commitment & Engagement

To create a truly effective and rewarding mentorship experience, both mentors and mentees are expected to be fully committed and actively engaged. Each pair will meet regularly through one-to-one sessions, dedicating approximately two hours every two months to their mentoring journey.

Just Growth

The programme fosters personal responsibility and continuous development in a supportive environment. There are no ratings, scores, or formal evaluations - only meaningful conversations, shared learning, and opportunities for growth.
