The Smart Approach to Quality

Made in Asia – the sourcing symposium dedicated to the sourcing and supply chain sector across Asia that has celebrated its landmark 10th edition in 2020.

Building on last edition's success, Made in Asia returns in November 2021 in an even more engaging and interactive hybrid format to bring insights and knowledge in the sourcing sector across the key markets in Asia.

Supported by the Sourcing Committee of the French Chamber, Made in Asia 2021 is set to peak with more speakers and participants from Asia, and an outstanding programme put together with highly regional-focused topics, B2B-specific strategies and conversations on the latest LogTech development.

Over 200 speakers
in total in the past
10 editions

2,500 people have
attended the
conference since 2011

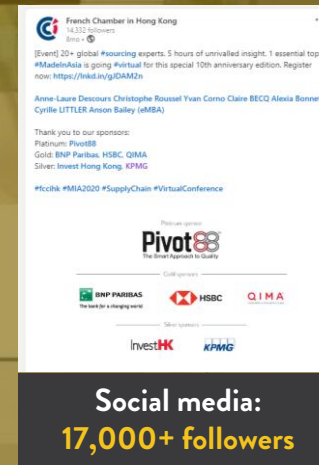

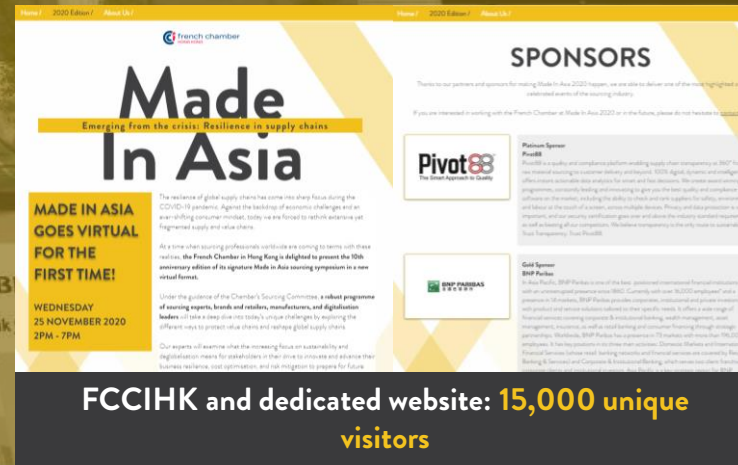

Speakers and
participants from
4 continents
around the world

Emerging from the crisis:
Resilience in supply chains
